Dear Client,

### Protection from HMRC investigation

**It's you we're protecting/Renewal: Please respond by 28/08/2019**

Suite B, King Business Centre  
Reeds Lane, Sayers Common  
West Sussex BN6 9LS

HMRC enquiry activity is more focused and better targeted than ever before. In 2017-18, HMRC collected £30.3 billion through compliance activity. There are now, many more trained investigation specialists, who are using the latest technology and information at their disposal to launch campaigns and taskforces to maximise tax revenues.

HMRC's Connect System currently selects 9 out of every 10 enquires and is designed to identify those who may have paid too little tax. Even if you've done nothing wrong, anyone can be selected – meaning no one is immune to scrutiny.
